

I have seen Dr. Joyner for Botox, Dysport, and Juvederm treatments multiple times. I LOVE the results! My face looks natural, just younger! Dr. Joyner is very gentle and makes sure I have numbing cream to make the procedure easy. I'm a baby when it comes to needles but this really doesn't hurt - just a few moments of a little discomfort for a huge payoff! ☺ Plus Dr. Joyner's prices are great. Try it and you'll be happy with the results!

My mom had her lips filled by Dr. Joyner too and they looked great. He works hard to make sure your results are natural and beautiful.
